

AXIS P3904-R Network Camera

High-performance HDTV camera for onboard surveillance

AXIS P3904-R is specially designed for HDTV 720p video surveillance in or on buses, trains, subway cars and emergency vehicles. The compact, rugged and discreet camera has IP67-rated protection against dust and water, and can withstand tough conditions such as vibrations, shocks and temperature fluctuations. The active tampering alarm detects tampering attempts, such as blocking or spray-painting. AXIS P3904-R is specially adapted to respond quickly to changes in light levels, ensuring that high image quality is maintained. Traffic Light mode helps distinguishing colors of traffic lights in very dark scenes. The pixel counter helps verifying that the pixel resolution of an object meets specific customer requirements.

- > Compact, rugged design
- > HDTV video quality
- > Traffic Light mode
- > Edge storage
