

SP-6500 R

EN50131 GRADE 2 COMPLIANT SIREN WITH OPTICAL SIGNALLING

The **SP–6500** is an outdoor siren with optical signalling which is fully compliant with EN50131 standards thanks to it's protection technology against environmental hazards. Additional design features, like the hinged lid or built–in level facilitates its mounting.

- full compliance with EN 50131 Grade 2
- acoustic signalling: piezo
- optical signalling: LED
- inner metal shield
- tamper protection against:
 - removal from mounting
 - lid opening
- optional 12 V 2,3 Ah battery
- built-in level to facilitate aesthetic mounting

TECHNICAL DATA

Supply voltage	12 V DC
Operating temperature range	-25°C+70°C
Standby mode current consumption	30 mA
Weight	1160 g
Maximum humidity	93±3%
Dimensions	230 x 230 x 65 mm
Environmental class according to EN50130-5	IV
Sound pressure level at 1m	up to 120 dB
Maximum current consumption (signaling)	150 mA
Maximum current consumption (signaling + battery recharging)	600 mA
